***This Week's Lunch Program -
Wednesday - March 21 - Justin
Arana - LB Rotary's First 4
Waterwells in Mozambique***

California native Justin Arana went to Dafur after graduating from USC with degrees in International Relations and Business Administration. After working in other parts of Africa focusing on the water crisis, he co-founded Water Underground. With field operations and staff in central Mozambique, Water Underground established our club's first water well systems in four Mozambique schools.

Proposed by: Randy Gordon and Lisa Hopkins

***President's
Message***

Our Club, in coordination with Rotary International, has produced 4 water wells this year in Mozambique. These wells are the cutting edge of medicine; without sanitation and clean drinking water doctors are bogged down treating stomach ailments and never able to really help people. These wells are the cutting edge of feminism as well. Without sanitation young women miss school regularly if they are able to go in the first place. Without a local well all women spend the lion share of their days lugging water. You make a difference. Come to the Queen Mary this Wednesday and hear about the great things we have accomplished.

This Thursday Greg and Val Owen host our final Rotary Revealed. We are excited to show prospective and newly initiated members what the Rotary Club of Long Beach is all about. Greg and Val are family. They are quintessential Rotarians who always lead the way with heart, laughter and a divine grace. Make sure you make it to their place for what is always a great party.

Rotary Direct: through the month of March only
