***President's
Message***

Early on Saturday morning an august collection of Rotarian cyclists gathered at Cafe Dia Mediterranean Restaurant in Debra Fixen's Shoreline Village to gorge on burritos, fruit and coffee. We donned blue and gold jerseys and mounted our trusted bicycles with the enthusiasm and apprehension that proceeds every good sporting event. Our intrepid flock represented all levels of experience. Yours truly was a sheer novice; my padded shorts were my only equipment not supplied by Alfredo Velasco, who finished the race before the rest of us were properly started. We all talked incessantly, laughed continuously and rode our tails off. We shouted greetings at Rich Dempsey as we passed his home on Pacific and later towards Phil Smith's house in California Heights; this was truly a Tour of Long Beach and it seemed like we were everywhere this town has to offer. Thank you to Vice President Connie Rivera who organized an excellent opportunity for members to get together, get athletic and enjoy each other's company.

Camp Enterprise Update

Would you buy a healthy delicious water that adjusted your body temperature if you were too hot or too cold? Or an app that helped you match your clothes already in your closet? How about a personal drink container that you could adjust to keep the contents hot, cold or frozen? Would you visit an organic, sustainable winery in Paso Robles that had a bakery that used grape seed flour? Would you invest in a new storage system for breast milk for moms on the go? Bored with your wardrobe? How about a fashion app that introduces you to new brands by mixing up expensive with value-based items? Who wouldn't want a great tasting healthy candy? Can you imagine eating a treat from your favorite cartoon? Get Garfield's Lasagna and so much more at the "Imagine That!" restaurant.

These creative ideas, teamwork, fellowship, lots of hard work and laughter were shared by 49 students and 27 Rotarians supported by YMCA counselors at Camp Oakes last month during our Camp Enterprise project.
